

UNIVERSITY OF DAR ES SALAAM

School of Mines and Geosciences Student Bursaries Opportunity

Developing Tanzania's Next Generation of Mining Professionals

For more than five years, Barrick through its Twiga Minerals partnership with the Government of Tanzania has continued to invest in the country to driving long-term, and sustainable growth. Our Tier One mines, Bulyanhulu and North Mara, remain central pillars of Tanzania's mining industry, contributing to economic growth, local content development, and empowerment of nationals in the sector. Barrick's focus is not only on delivering world-class mining operations but also on developing world-class national skills that will participate meaningfully and influence the future of the mining industry.

As part of the long-term vision to build a highly skilled generation of mining professionals, Barrick has partnered with the University of Dar es Salaam (UDSM) to provide scholarship and bursary opportunities for outstanding Tanzanian students. This partnership supports undergraduate bursaries for top-performing students at the University of Dar es Salaam. The eligible students are those in second to fourth year, GPA of at least 3.8, and undertaking any of the following degree programs:

BACHELOR DEGREE PROGRAMS

- BSc in Geology
- BSc with Geology
- BSc in Geophysics
- BSc in Geology and Geothermal Resources
- BSc in Engineering Geology
- BSc in Mining Engineering
- BSc in Metallurgy and Mineral Processing
- BSc in Chemical and Process Engineering
- BSc in Electrical Engineering
- BSc in Mechanical Engineering

UDSM-MRI DIPLOMA PROGRAMS

- Geology and Mineral Exploration
- Land and Mine Surveying
- Mining Engineering
- Metallurgy and Mineral Processing Engineering
- Environmental Engineering and Management

Through this initiative, the scholarship aims to nurture future leaders, advance local expertise, and ensure Tanzania's mining sector continues to grow with innovation, excellence, and national talent at its core.

Application Requirements

Interested students should submit the following:

- A brief CV
- Latest provisional results
- Applicants must submit a one-page motivation letter that outlines their specific area of interest and career aspirations, explains how they intend to apply the knowledge and skills gained from their studies to contribute to the development of the mining sector in the country, and demonstrates how they will use their abilities creatively and innovatively to promote excellence and sustainable growth in both the mining sector and the nation at large.

Applications should be sent to: dean.somg@udsm.ac.tz

Only shortlisted candidates will be contacted for an interview.

Application Deadline: 20/12/2025
